ICE! ICE!
Buy Ice From Red Wagons

They say, but if you will examine
carefully the ice which melts so rap-
idly you will note that there seems to
be holes in it, that the center is what
is called "snow ice," which, being por-
ous, allows it to melt quickly.

"Crystal Ice"
The kind we turn out is as clear
and perfect as it is possible to make
ice, and is the most economical ice
to use. Ask the man on the Red
Wagon to stop and see you.

COOK-PEARY CONTROVERSY

Peary Publishes a Map and Statement
of Eskimos to Show that Cook
Never Went Near the Pole

New York, Oct. 14.—Commander Robert E. Peary has submitted a statement and a map to the Peary Arctic Club in support of his contention that Dr. Cook did not reach the north pole. Peary says:
"Some of my reasons for saying that Dr. Cook did not go to the north pole will be understood by those who read the statements of the two Eskimo boys who went with him, and who told me and others of my party where he did go. Several Eskimos who started with Dr. Cook from Anaktok in February, 1908, were at Etah when I arrived there in August, 1908. They told me that Dr. Cook had with him, after they left, two Eskimo boys or young men, two sleds and some twenty dogs. The boys were I-took-a-shoo and Ah-pe-lah. I had known them from their childhood. One was about eighteen and the other about nineteen years of age.

"On my return from Cape Sheridan and at the very first settlement I touched (Nerke, near Cape Codon) in August, 1909, and nine days before reaching Etah, the Eskimos told me in a general way where Dr. Cook had been; that he had wintered in Jones Sound and that he had told the white men at Etah he had been a long way north but that the boys who were with him, I-took-a-shoo and Ah-pe-lah, said that this was not so. The Eskimos laughed at Dr. Cook's story. On reaching Etah I talked with the Eskimos there and with the two boys and asked them to describe Dr. Cook's journey to members of my party and myself.

According to Peary's map and the answers he says the Eskimos made to him and members of his party, Cook only went a little way beyond Cape Thomas Hubbard, which is over eight degrees (556 miles) from the pole.

Eskimos Followed Their Instructions
Cleveland, O., Oct. 14.—"It is the same old story," said Dr. Cook, when he was shown the statement issued by Commander Peary, together with the map accompanying it.

"I have replied to the points raised a dozen times," he continued. "The map published by Commander Peary in itself indicates that the Eskimos have respected their promise made to me that they would not give any information to Peary or his men.

The Eskimos were instructed not to tell Peary, or any of his party, of our trip over the polar sea. They were told to say that we had been far away and had kept their word.

"Mr. Whitney has said that during the cross-examination conducted by Commander Peary and others of his expedition the Eskimos did not understand the questions put to them or the map which was laid before them. Their replies to the questions put have been twisted to suit a perverted interest.

"I will not enter into any argument about the matter, but I will bring the Eskimos to New York at my own expense, and they will prove, as did Mr. Whitney, all that I have claimed."

SWEPT OVER NIAGARA
This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current. Nature's warnings are kind. The dull pain or ache in the back warns you the kidneys need attention if you would escape fatal maladies—dropsy, diabetes or Bright's disease. Take Electric Bitters at once and see backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1 bottle wholly cured me," writes J. R. Blankenship, of Belk, Tenn. Only 50c. a bottle at all druggists.

ASTOR PANK
The new bridge across the Juniper river is highly appreciated by all the people.

Capt. L. D. Marsh with his crew of men will soon have the Juniper river cleaned out from big Lake George to the head of the river so that launches can run in the river without any trouble.

Mr. Thomas Marsh has been on the sick list for two weeks, but is improving in health. We will all be glad to see him up again.

Mr. Reubin Long, of Patts Island, has been very low with fever. Since his wife's death he has been making his home with his daughter, Mrs. Harvey Bond, of New York.

Mrs. N. J. Adams of Ocala, is visiting her relative at Jupiter river, and has been very ill. We hope she is improving.

Miss Fannie Marsh is visiting her grandmother and aunt at DeLeon Springs.

The Juniper hunting club of Kentucky is expected about the middle of next month to enjoy their first hunting and fishing on their famous hunting grounds. Their camping ground will be ready for them at the large spring on Jupiter river.

Mr. H. A. Reynolds had the good luck to kill a large coon on his way home from the camps last Saturday night.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, Ohio. Sold by all druggists. 75c. Take Hall's Family Pills for constipation.

Decision of Judge Anderson Knocks Out the Prosecution in the Panama Canal Libel Case

Indianapolis, Ind., Oct. 14.—Judge A. R. Anderson, of the United States court of this district, dismissed yesterday the proceedings against Delavan Smith and Charles R. Williams, proprietors of the Indianapolis News, who were resisting removal to the District of Columbia for trial under a grand jury indictment charging them with having committed criminal libel against President Roosevelt, President Taft, Charles F. Tamm, William Nelson Cromwell, J. Pierpont Morgan and others, in publishing articles alleging that there was a corrupt profit of \$28,000,000 in the sale of the Panama canal to the United States.

"That man has read the history of our institutions to little purpose," said Judge Anderson in concluding his decision, "who does not view with apprehension the success of such a proceeding as this to the end that the citizens could be dragged from their homes to the District of Columbia, the seat of government, for trial under the circumstances of this case. The defendants are discharged."

Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Sassafras and Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. E. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Dr. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all wasting diseases where there is loss of flesh and gradual running down of the strength and system.

"The Golden Medical Discovery" makes rich pure blood and so invigorates and regulates the stomach, liver and bowels and through them the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed.
